Material Testing, Quality Control, Technical Support, Training, Customer Support

Strong credentials in repeatedly producing sustained revenue and turnaround growth in dynamic markets

PROFILE

- Competent, diligent & result oriented professional with an experience of 24 years in **Management, Material Testing, Rubber and Polymer Testing, Engineering, Application, Business Development, Digital Marketing, Project Management.**
- Rich exposure to providing services and supporting **SMEs, MSMEs, OEMs, Tier 1 & Tier 2 companies.** Expertise in technology solution provider by upgradation of skills, working together with industry, promoting collective learning and innovations. Well conversation with **ISO 9001:2008 and ISO/ IEC 17025 Activity, 5S, TPM, ZQC, KAIZEN.**
- **Exhaustive experience and proven competencies in conducting feasibility studies for Greenfield projects,** timely completion and swift ramp-up, procurement & commissioning of capital machinery & equipments, continuous process management & enhancement, technology integration and capital budgeting & ROI
- **Core strengths in establishing after sales service function as key revenue generating business module with customer focused deliverables.** Innate strengths in identifying and developing potential accounts and retaining their business association with augmented customer services.
- Strategic marketer with a keen business acumen in analyzing and understanding business requirements, customer-value maximization and developing new business and revenue streams. Resourceful in handling deal structuring, negotiations, and completing all documentation including sale deeds, lease, collaboration agreements, authentication and verification of property title documents

Professional Forte

P&L/ROI Accountability • Service Engineering • Business Development • Strategic Alliance • Sales Management • Digital Marketing • Customer Support • Liaison • Market Intelligence • Channel Development • Contracts Management/AMC • Reports/Testing • New Business Establishment • After Sales Service • Market Intelligence • Warranty/Insurance • Channel Development • Crisis Management • **Training & Development**

PROFESSIONAL EXPERIENCE

Rockwell Automation

March 25 till date

Partner Growth Lead

Handling partners in India and Sri Lanka to grow business.

Knowledge Lens Pvt Ltd

Oct 20 till Feb 25

Regional Manager

- **ISO/ IEC 17025** NABL test lab, Business Development.
- Business development and execution of business on Global level.
- **Testing, Consultancy, Operations, Technical Support, Training.**
- Business Development, Digital Marketing. Marketing and Sales.
- Project Management, Product Development, Engineering, Sourcing.

Materials Info Consultancy Pvt Ltd

Dec'17 till Oct 20

Director

- Profit Center Head: Material (Rubber, Polymer, Metal, Composites) Testing, Consultancy, Audits, Systems, **Training,** Product Development, Engineering, Sourcing.
- Business development and execution of business. **ISO/ IEC 17025** NABL for test lab operations.
- Project Management, Business Development, Operations, Testing, Consultancy, Digital Marketing.
- Providing engineering consultancy in the areas of operation, maintenance and troubleshooting of wide range of Testing of Polymer, Rubber, Metal and Quality assurance.
- Conceptualizing and formulating strategic business plans for setting up new markets/ profit centers, thereby enhancing the overall organizational growth.
- Carrying out various activities pertaining to business strategy execution, operating forecasts, cash flow planning, new project evaluation, advertising, pricing, etc.
- Coordinating with various departments (Internal & External), vendors, business partners & other stakeholders; ensuring successful ramp-up of business assignments, while working in close coordination with clients.
- Planning various strategies to achieve business goals aimed towards the growth in business volumes as well as

profitability in order to achieve the set targets and drive team efforts to generate work synergies to maximize operational efficiency.

- Implementing strategies to achieve client satisfaction, tracking market dynamics and initiating reinforcements to neutralize competitors' moves.
- Developing leadership within and monitoring strategies for ensuring the long-term financial viability of the organization.
- Designing & developing process parameters, testing techniques and design changes to improve the quality of the production tools & reduce rate of rejection & re-work
- Profit Center Head: Rubber Polymer Testing, Rapid Prototype, Engineering Design CAD/CAM/CAE, Training, Tooling Design, Molding, Product development, Product Validation

AUTODYNAMICS ENGINEERING PVT LTD

DGM India

April'16 – Nov'17

- Profit Center Head: **Testing, Consultancy, Audits, Systems, Training**, Product Development, Engineering, Sourcing. Business development and execution of business. Completed ISO/ IEC 17025 NABL process in the 6 months, got **ISO/ IEC 17025** NABL certificate.
- Project Management, Business Development, Operations, Testing, Consultancy, Digital Marketing.
- Providing engineering consultancy in the areas of operation, maintenance and troubleshooting of wide range of Testing Polymer, Rubber, Metal and Quality assurance.
- Conceptualizing and formulating strategic business plans for setting up new markets/ profit centers, thereby enhancing the overall organizational growth.
- Carrying out various activities pertaining to business strategy execution, operating forecasts, cash flow planning, new project evaluation, advertising, pricing, etc.
- Coordinating with various departments (Internal & External), vendors, business partners & other stakeholders; ensuring successful ramp-up of business assignments, while working in close coordination with clients.
- Planning various strategies to achieve business goals aimed towards the growth in business volumes as well as profitability to achieve the set targets and driving team efforts to generate work synergies to maximize operational efficiency.
- Implementing strategies to achieve client satisfaction, tracking market dynamics and initiating reinforcements to neutralize competitors' moves.
- Developing leadership within and monitoring strategies for ensuring the long-term financial viability of the organization.
- Designing & developing process parameters, testing techniques and design changes to improve the quality of the production tools & reduce rate of rejection & re-work
- Profit Center Head: Rubber Polymer Testing, Rapid Prototype, Engineering Design CAD/CAM/CAE, Training, Tooling Design, Molding, Product development, Product Validation

BUREAU VERITAS CONSUMER PRODUCT SERVICES PVT LTD, INDIA

(Green Project)

Deputy Manager Automotive India

Jul'15 – March 16

- Conceptualizing and formulating strategic business plans for setting up new markets/ profit centers, thereby enhancing the overall organizational growth.
- Carrying out various activities pertaining to business strategy execution, operating forecasts, Material testing, cash flow planning, new project evaluation, advertising, pricing, Digital Marketing etc.
- Coordinating with various departments (Internal & External), vendors, business partners & other stakeholders; ensuring successful ramp-up of business assignments, while working in close coordination with clients.
- Planning various strategies to achieve business goals aimed towards the growth in business volumes as well as profitability to achieve the set targets and driving team efforts to generate work synergies to maximize operational efficiency.
- Providing engineering consultancy in the areas of operation, maintenance and troubleshooting of wide range of Testing of Polymer, Rubber, Metal and Quality assurance.
- Implementing strategies to achieve client satisfaction, tracking market dynamics, and initiating reinforcements to neutralize competitors' moves.
- Developing leadership within and monitoring strategies for ensuring the long-term financial viability of the organization.
- Designing & developing process parameters, testing techniques and design changes to improve the quality of the production tools & reduce rate of rejection & re-work
- Completed **ISO/ IEC 17025** NABL for test lab operations.

CAHORS

Jan'15 – Jul'15

Manager Engineering, Project Management

- Key player in analysis, development, and implementation of strategic business plans & policies, ensuring organizational growth, targeting maximum profitability & cost effectiveness.
- Structured annual operational budget and implemented control measures to contain expenses within defined limits.
- Established & implemented quality standards for setting up & meeting the targets of the company within time & cost parameters.
- Geared the activities for developing & maintaining organizational culture, values, and reputation. Ensured Customers, Suppliers and Global Business Partners are consistently satisfied.
- Proactively involved in new product development, Project Management, **Material Testing**.

AUTO CLUSTER DEVELOPMENT & RESEARCH INSTITUTE, CHINCHWAD, PUNE

Profit Center Head Testing Division (Green Project)

Aug'08 – Jan'15

Notable Accomplishments

- Organized Events like Auto Ancillary Show along with India Trade Promotion Organization (ITPO), Digital Marketing, Continuously Spread Auto Cluster Brand by participating in different Exhibitions, Seminars, Technical Events, and Conferences, Arranging Technical Seminars. Business development and execution of business.
- Developed a framework of quality standards, procedures & systems and overseeing smooth implementation in Testing Lab and at customer end.
- Mapped quality assurance process conducted requirement gathering as well as studied and analyzed workflow to design solutions. Promoted quality and performance improvement throughout the organization.
- Significantly developed **the 2000 customer base** within first 2 years.

In charge of Polymer & Rubber Lab, Electronics Lab, Environmental lab.

- Carried out Testing & Quality Control (Polymer, Rubber, Metal & other materials), Product Evaluation and Certification and Designing Tests as per customer requirement.
- Customized Machinery provided solutions to support customer success and offered the automotive industry an extensive range of Testing Services.
- Served as the member of the Management Team for ISO 9001 certificate for ACDRI. Handled Technical Queries, Deciding Feasibility of Testing Enquiries, Prepared Quotations, Performed Tests, Analyzed Data, prepared reports and solved Payment Recovery.

Instrument Range Handled

Polymer & Rubber Lab DSC, TGA, FTIR, UTM, HDT VICAT, Impact Tester, Melt Flow Indexer, Weather Accelerator Tester, Micro Tri Gloss Instrument, Spectrometer, Density Meter, Hardness Tester, Rheometer, Melting Point Apparatus, Moisture Analyzer, MDR, ODR, Mooney Viscometer. Dispersion analyzer, Ozone Analyzer

Environmental lab Thermal Shock Chamber, Cyclic Corrosion Chamber, High & Low Temperature Test, Chamber, Dust Test Chamber, Rain Test Chamber, Thermal Test Chamber, Vibration shaker, Vibration and Temperature Test Chamber.

Electronics Lab CRO, Logic Analyzer, Power supply, Noise Measurement, Mu Itimeter.

CHROMLINE EQUIPMENT (I) PVT. LTD.

Aug'05 - Aug'08

Senior Executive-Technical Support (Western India)

- Strategically developed existing & new business opportunities as well as expanding product reach in the market.
- Accountable for the entire Profit and Loss of the division; ensuring development & implementation of comprehensive sales & marketing plans covering the target market.
- Draw up road map to create and manage extensive distribution network and identified thrust areas to direct marketing effort to generate planned business volumes. In charge of Testing Lab.
- Participated in different Exhibitions, Seminars, Technical Events, and Conferences, Arranging Technical Seminars.

Instrument Range Handled

Rheology Rheometer, Viscometer

Chromatography GPC, HPTLC, HPLC, GC, OPLC.

Thermal Analysis Thermal Analyzer, TGA, DSC, STA, Dilatometer, Auto Titrator, Microscope, MWD, Refractometer, Polarimeter, UV spectrophotometer, AAS.

HAAKE INSTRUMENTS INDIA PVT. LTD.

Jun'00 - Feb'05

Customer Support Officer (Service and Sales –India)

- Strategically developed existing & new business opportunities as well as expanding product reach in the market.
- Accountable for the entire Profit and Loss of the division; ensuring development & implementation of comprehensive sales & marketing plans covering the target market.
- Draw up road maps to create and manage extensive distribution network and identified thrust areas to direct marketing effort to generate planned business volumes. In charge of Testing Lab (Rubber, Polymer)

Participated in different Exhibitions, Seminars, Technical Events, and Conferences, Arranging Technical Seminars

Instrument Range Handled

Rheometer CR, CS, CD and Application oriented, Rheometer combined with microscope

Rotational Viscometer Speed controlled

Rheocord Torque Sensors: Measuring Extruder, Compounder or Mixer

Rheometer

Others

- Falling Ball Viscometer, Micro Falling Ball Viscometer.
- Circulator, Cryostats, Shaking Water Baths, Water Recirculators.
- Minilab Micro Rheology Compounder, Melt Rheometer
- High Pressure Capillary Rheometer, Melt Flow Indexers.

D.R. ENTERPRISES

Aug'98 – Jun'00

Customer Support Engineer

Business development and execution of business.

Testing of Rubber, Polymer.

EDUCATIONAL CREDENTIALS

MBA (Marketing), 2014

ICFAI University

Diploma in Rubber Technology, 2010

Indian Institute of Polymer Science

B.E. Electronics, Pune University, 1998

D Y Patil College of Engineering; 57%

H.S.C, 1994

Nowroji Wadia College, Pune University, 72 %

S.S.C, 1992

N.M.V., Pune University, Pimpri, 80 %

Training Attended

- Completed Service Training in **Haake, Germany**. This Training includes installation, servicing, diagnosis of Rheology, Temperature & Polymer Technology Instruments.
- Completed Service Training in **Schott, Germany**. This Training includes installation, servicing, diagnosis of Titration Equipment.
- Completed Service Training In **PSS, Germany**. This Training includes installation, servicing, diagnosis of Gel Permutation Chromatography.
- Completed Service Training in **Rheotec, Germany**. This Training includes installation, servicing, diagnosis of Rheology, Rheometer, and Viscometer.
- Completed Service Training in **Bahr, Germany**. This Training includes installation, servicing, diagnosis of TGA, DSC, STA, and Dilatometer.
- Completed the Training Program on “**Foundation Course on Plastic Part Design**”.
- Completed the Training Program on “**Identification Methodology for Plastics & Rubber**”.

Papers Presentations

- “Measure & Test India, 2013”. Topic: “Material Testing-Mechanical Testing-Static & Dynamic, Fatigue”.
- “Excellence & Advances in Seal & Gaskets, 2011”. Topic “Evaluation, Testing”
- “Plasto 2012” seminar “Developments in Plastics Materials & Processing “. Topic: “Advanced Characterization Methods “.
- Published write up in different Rubber magazines on topic “Indian Rubber Industry & Autocluster Development & Research Institute Ltd”.
- Published articles in international magazine “Rubber India “on different topics related to Rubber Industry.

Lectures Delivered

- Given lectures as Guest lecturer for “PGDIRI” course organized by “India Rubber Institute “.
- Given Trainings on topic “Know your Rheometer “organized by “All India Rubber Industries Association”.
- Lecture Delivered on “Career Scenario in Automobile Industry in & around Pune “, in “Pratibha College of Commerce & Computer Studies, Pune”.
- Rubber Characterization
- Polymer Characterization
- Plastic Component Failures and Testing/Evaluation Techniques
- Polymers (Rubber & Plastic) Characterization and Testing
- Polymer Technology
- Rubber Technology
- Delivered lectures on the platform of “All India Rubber Industries Association” on different topics.

Certification

- “Master Trainer” from ILO & Government of Maharashtra.
 - Laboratory Quality Management System & Internal Audit as Per ISO/IEC 17025:2005 & NABL Requirements”
 - Laboratory Quality Management System & Internal Audit as Per ISO/IEC 17025:2017 & NABL Requirements”
 - Evaluation of Measurement Uncertainty (Electro-Mechanical Parameters) “.
 - “Quality Assurance through Calibration & Testing”.
 - Survival at Sea, Basic Fire Fighting, Safety at Rigs/Platform, Elementary First Aid
-
